

MODERN STEAK

patio & lounge

The patio at Modern Steak is a lush & comfortable tropical oasis in the midst of downtown Scottsdale. A must for business meetings, private parties and special events, Modern Steak's Patio is ideal for either lunch or dinner groups of up to 40 or cocktail parties of up to 80.

The patio offers a tropical setting in the midst of the Arizona desert.

The St. Bart's-style outdoor patio welcomes guests upon arrival with vivid colors of ocean blue, grass green and papaya striking a balance against the white steel shade canopy. Double-sided fireplaces on both the east and west ends of the patio add evening ambiance to the comfortable lounge seating. The patio décor is bright, colorful, casually elegant and entirely unique.
